You'll always make a hit and make  
folks think that you are bright,  
if this advice you'll just take:  
Just keep your mouth closed tight.

## FIDDLE CONTEST

Is Now On, and The Ledger Has An  
Old One Today That Cer-  
tainly Has Whiskers.

Several days ago The Ledger pub-  
lished articles relative to some old  
violins that were the property of citi-  
zens of Maysville and Mason county,  
and at that time they were "some"  
fiddles.

Now comes Mr. J. W. Moore with one  
that certainly has the years hooked  
to it. This violin is an Antonius  
Stradivarius Cremonensis Faelcat  
Anno, and the date on it is A. D. 1713,  
and the name Ole Bull follows the  
date.

We'll say that this is some fiddle.

See our solid gold fountain pens  
with holder for 55 cents.

## DON'T FORGET.

A meeting in the interest of all the  
Maysville Sunday schools will be held  
at the Third Street M. E. church to-  
night at 7:30 o'clock. The members of  
the executive committee, pastors, su-  
perintendents and all others interested  
in Sunday school work are urged to be  
present, as plans for "Go-to-Sunday-  
School" Sunday and a religious can-  
vass of the city will be discussed. Be  
sure that at least two or three persons  
are there to represent your school. It  
is only by co-operation that the maxi-  
mum good can be obtained in the lo-  
cal work. If you fall down on your  
part you are hurting the entire system  
of work.

FRANK NASH, City President.

## SCHOOL CHILDREN TO VISIT FRANKFORT.

Saturday the children of the city  
and county schools will journey to  
Frankfort on a special train to see the  
capitol, the Legislature in session and  
other historical points of interest.

## SPLENDID MEETING

Gathering of Men At First Presby-  
terian Church Tuesday Night  
For Y. M. C. A.  
Purposes.

Several days ago invitations were  
sent out by the state committee of the  
best auxiliary the church at work has  
in the nation, the Young Men's Chris-  
tian Association, inviting the men of  
Maysville to a banquet.

Much theorizing was done and much  
talk indulged in as to the general pur-  
poses of this meeting, many thinking  
an attempt was to be made to reor-  
ganize the Young Men's Christian As-  
sociation in this city, but such was not  
the case. It was a meeting of instruc-  
tion in the work being done by this  
splendid organization throughout Ken-  
tucky, not only in the cities, but in the  
rural districts as well, and from these  
reports it was shown that the young  
men were not being neglected.

Dr. James B. Wood acted toastmas-  
ter and very capably filled the bill.

The first number on the program  
was the banquet served by the Ladies'  
Aid Society of the First Presbyterian  
church, and as the true way of reach-  
ing the best that is in man is through  
the inner man, this was done in a way  
that every man present was thoroughly  
converted to the work of the asso-  
ciation, as the supper was a most  
enjoyable one, as was evidenced by  
the way it was taken care of by those  
present, showing that the ladies knew  
just what particular brand of eating  
was necessary for the occasion, and the  
daintiness in which it was served  
showed them to be adepts in this line.

After the splendid supper, Mr. P. L.  
Corbin, one of the state workers, gave  
an illustrated lecture on the work of  
the Y. M. C. A. being done in this  
state, which was well received, there  
being many new phases of the work  
under way hitherto unknown here.

Mr. C. C. Curran, county work sec-  
retary, and Mr. S. O. Harris, boys' work  
secretary, made addresses on their re-  
spective lines of work, which were live  
and interesting. The boys' work of  
the association is the main stem, and it  
is receiving splendid attention from  
the very capable head in charge, Mr.  
Harris.

Rev. A. F. Stahl made a short talk  
that was one of the hits of the eve-  
ning.

The main address of the evening and  
one that will be long remembered by  
all present as about as masterly an ef-  
fort as was ever heard here, was that  
of Mr. A. G. Bookwalter, metropolitan  
secretary of Cincinnati. His line of  
thought and the manner in which it  
was handled was just a little differ-  
ent from anything ever presented to  
an audience here before, and Mr.  
Bookwalter proved himself a thor-  
oughly capable and highly efficient  
man for the most commendable work  
in which he is engaged, and a return  
engagement of this gentleman is en-  
thusiastically requested.

Prof. G. C. Mance closed the talk-  
ing fest by a very timely local ap-  
plication, which, with his vast knowl-  
edge of boys' wants and needs, shows  
him to be a powerful lever in the up-  
lift and moral training of our boys.

This meeting is bound to be fruit-  
ful of good in this community, and we  
predict that the schools of Maysville  
will line up with other forces that  
have been dormant but were given a  
new impetus and that ere long Mays-  
ville's boys and young men will be  
pulling the tail feathers out of the  
state committee for a place alongside  
their star workers elsewhere.

## STRONG GALE TUESDAY.

Tuesday afternoon about 5:30 a se-  
vere March wind came down over the  
hills and up the river. It blew down a  
fine tree in front of Mr. Ned Brown-  
ing's residence, then it jumped over to  
Henry Childs' home and leveled an old  
land mark. The tree in its fall de-  
molished the fence in front of the  
house. Coming up Second the wind  
partially unroofed the building occu-  
pied by Mr. P. W. Wheeler. On Front  
street it blew down a tree in front of  
Mr. G. W. Giesel's home. Whitecaps  
in the river were from three to four  
feet high and the numerous boats  
from Wall to Market street were en-  
dangered.

A wall back of Mr. Pearl Hythe's  
property was blown over, damaging  
his property considerably. The wall  
was the one remaining from the old  
building that fell several years ago  
on Wall street. The Joeger property  
on Short street was damaged, as was  
also a portion of the roof of the dye  
house at the Cotton Mills.

## DEATH AT INFIRMARY.

Mike McDonough, an inmate of the  
county infirmary, died Wednesday  
morning at 7:30 from cancer of the  
stomach. The funeral arrangements  
are to be announced later. Burial  
will take place in the Catholic cem-  
etry at Washington.

## BRICK STREETS CONTRACT LET.

Maysville will soon be busy im-  
proving her streets. The contracts for  
paving the streets west of Union street  
were awarded Tuesday night.

Contract No. 1.—All the streets be-  
low the bridge except Bridge street,  
goes to Schoolfield & Jones of Cov-  
ington. Specifications are as follows:  
Pebbles repressed brick with tar filler,  
concrete foundation on all streets ex-  
cept Court street, which will be paved  
with Trinidad sheet asphalt. Entire  
contract \$21,098.60. On motion this  
contract was awarded.

Contract No. 2.—Bridge street and  
East Second street from Limestone  
bridge to Union street. This contract  
was awarded to Vastin, Noland &  
Lowery of Covington. Its specifica-  
tions are Carlsile repressed brick with  
tar filler, concrete foundation. En-  
tire contract \$43,472.45. On motion  
this contract was awarded.

Contract No. 3.—Union street to  
Carmel street, to be asphalted. The  
contract was not awarded because the  
city engineer is unfamiliar with Aztec  
asphalt, but as soon as its qualities  
are ascertained, it will be decided who  
gets the contract.

## THE BARKLEY SHOE STORE.

The Barkley Shoe Company, incor-  
porated, has moved into its new place  
of business, 39 West Second street.  
The front has been remodeled and a  
handsome vestibule front has taken  
the place of the old time entrance.  
The show windows are models of  
neatness and beauty. Above these  
prism glass admits a subdued light to  
the interior of the room. The latest  
model chair for a shoe emporium  
awaits the customer. At night the  
room is lighted by the celebrated  
"Iras-Co-Lite," the most up-to-date  
method of store illumination. The  
store room reflects credit upon Mr.  
Jeff Easton, the contractor.

At the Barkley shoe store are to be  
found the latest designs of footwear.  
The store is under the direct man-  
agement of Mr. Harry Barkley, pres-  
ident and general manager, who, with

viously maintained.

## BODE-STAKER.

Mr. Lester Staker of the firm of  
Stinker Bros., of Market street, and  
Miss Cella Bode, sprung a surprise on  
their friends Tuesday morning. Miss  
Bode left home apparently to go to  
her work at Dan Cohen's shoe store.  
Instead of that she was met by Mr.  
Staker and the young couple went to  
Covington and were married. Friends  
were surprised when telegrams were  
received announcing their marriage.

Mrs. Sallie S. Hall of East Second  
street, entertained a number of her  
friends Tuesday evening with a the-  
ater party at the Washington in honor

## PROTECTIVE TARIFF SENTIMENT IN SOUTH GROWING.

A brighter day is dawning through the abolition of the mental slavery which, to a large extent, has enchained the economic thought of the south.

One of the most significant signs of the times, indicative of the awakening of the south to the supreme importance of protection to the industrial interests of the country, is the growing disposition of southern papers, heretofore strong in their free trade proclivities, to give favorable attention to the need of an adequate tariff protection to local as well as national industries. They are beginning to see a new light, and many of them are taking a position which means that henceforth the south will be able to look upon protection as it never has been able to do before. Heretofore, a southern man who advocated a protective tariff was very lonely and was often the subject of bitter criticisms by southern papers. This has kept thousands of southern men who have been protectionists at heart from giving voice to their sentiment.

The awakening of the newspapers of the south to the need of finding excuses to justify the Democratic party in keeping a protective tariff on sugar and of planning to pass anti-dumping legislation is opening up new lines of thought which will be of infinite value to the south.

No longer will a man be almost ostracized if he dares to question the infallibility of free-trade theories, for many southern papers are now turning to an advocacy of protection because the Democratic party is compelled to admit the error of its ways by retaining a duty on sugar and by advocating a tariff not for revenue, but for protection, pure and simple, by anti-dumping bills in order to safeguard the interests of American manufacturers.—The Manufacturers' Record.

## BRANDEIS' CHARACTER.

It is too early to make a definite prediction regarding the action of the Senate on the nomination of Louis D. Brandeis for Justice of the Supreme Court. Mr. Brandeis' usefulness for that high office has, however, been conclusively proven. Massachusetts lawyers of the highest reputation and standing have testified to that. Albert E. Pillsbury, one of the oldest and most respected lawyers at the Boston bar and a former Attorney-General of Massachusetts, testified, regarding Brandeis: "He is an active, adroit and successful business lawyer, a man of unbounded audacity, a man of duplicity and double dealing, a man who works under cover, so that one never knows where he is or what he is about." Edward W. Hutchins, another old and highly respected lawyer of Boston, said of Brandeis: "He is a lawyer of great ability, but not straightforward." These expressions are indicative of a mass of testimony given the investigating committee, so that if the Senate votes to confirm him it will be simply because Senators dare not oppose the President, even though they regard Brandeis as unfit to be a Supreme Court Justice.

## WILSON AND THE SENATE.

Yesterday's performance in the Senate reflects no credit upon one of the truly great deliberative legislative bodies of the world. Democratic leaders of the upper house of Congress, seeming to realize the both they were making of the entire matter, hastened to respond to the crack of the Presidential whip, and, while refusing the take a decided stand on the straight-out issue presented, accomplished by cowardly indirection the desire of the administration. Even the vociferous Gore, who banded about the Senate chamber words which never should have been spoken above a whisper, even if true, lacked his dignity between his legs and voted to table his own resolution.

After all the loose-jawed and dangerous language which has been let loose on the subject it is no nearer practical solution today than it was a week ago. The Senate simply showed itself willing to stultify its proud record as a deliberative body by adopting the easiest and most cowardly way of temporarily ridding itself of a disagreeable and thankless duty.—Commercial-Tribune.

Yep, election time is trotting right along. It will soon be on the gallop.

## THE OLD KENTUCKY HILLS.

The following poem, "Old Kentucky Hills," is taken from a volume published in 1909 by Miss Josephine Wisenail, who died last week. The sentiment of the poetry is characteristic of the love which she held for her native state and the associations she knew in the shadow of the "old Kentucky Hills" was her ever-aching solace during the long days during which she was confined to her sick-bed.

Though bent with age, my eye might dim,  
And time my memory chills,  
It quickens, when I'm led to think,  
Of old Kentucky Hills.

I climb with childhood's feet again;  
The trees above me wave;  
Around about me shines a scene  
As fair as God ever gave.

Just yonder, in the fairest vale,  
The Ohio's waters gleam;  
With wondrous beauty mirrored there,  
The hills again are seen.

I list, and from the feathered throngs  
The wood with capture fills,  
The music down the valley floats,  
Of old Kentucky Hills.

Let Switzer sing his song of home;  
Fair Solon boast with pride,  
Venetian and his Gondolier,  
Sing of their lovely bride.

And Erin's land in sweeter tone  
Sings of his Emerald Isle,  
While round me in my own sweet home,  
Fair Nature's art beguile.

Yet o'er them all, my notes shall rise,  
My very spirit thrills,  
For hither seems to shine the skies,  
Of old Kentucky Hills.

I know, I ne'er again shall tread  
The blue grass beneath my feet,  
Nor breathe the air, made fragrant  
with  
The Pennyroyal sweet.

Yet, when with folded hands I lie,  
Freely from all earthly ties,  
I hope to rest beneath the shade  
Of old Kentucky Hills.

## PROSPECT FOR PEACE IS POOR.

Washington, March 7.—Colonel E. M. House, who returned Sunday from Europe, is understood to have told President Wilson that he found no more prospects for peace during his recent visit to the capitals of belligerent nations than he did on his visit last spring.

Colonel House returned from Europe Sunday after visiting Berlin, London and Paris as a special envoy of President Wilson.

Colonel House parried questions as to the status of the armed ship controversy with the statement that those in Washington knew more about the subject than he did. He absolutely refused to discuss any pending diplomatic questions.

It was understood today that Colonel House expressed great admiration for the way American diplomats abroad were carrying on their work.

## WHAT MANY CHILDREN LACK.

A sad sight, indeed, it is to see so many children on our streets weak, peevish, delicate and ailing, with spindling little legs and arms and often so cross that parents can do nothing with them, all because they lack vitality. Our local druggists, Pecor Drug Company, ask the parents of every such child to try Vinol, his non-accreted cod liver and iron remedy, to overcome such conditions. It contains no oil or grease, and is so delicious children love to take it.

## 300 LIVES BELIEVED LOST IN WRECK.

London, March 7.—A Lloyd's dispatch from Santos says that 338 passengers and 167 members of the crew of the Principe de Asturias are missing. The steamer was wrecked off Sebastian Point, the western extremity of the island of that name near the entrance to Santos Bay.

A humming bird when stripped of its feathers is no larger than a bumble bee.

## McCULLOCH SAYS ELECTION FAIR.

Covington, Ky., March 7.—In an open letter, addressed to A. T. Hert and three other Louisville men, who are delegates to the Republican national convention in Chicago, J. W. McCulloch of Owensboro, defends the legality of his election as Republican national committeeman and refuses to vacate that office.

The letter was given out here last night, following a conference held at the home of H. P. Ernst, Mr. McCulloch, Mr. Ernst, E. T. Franks, Lawson Reno and R. W. Slack and other Republicans were present at the meeting. It is in reply to one addressed to Mr. McCulloch by Mr. Hert, William Marshall Bullitt, A. E. Willson and William Heyburn, in which the writers demanded that Mr. McCulloch disavow the action of the delegates and allow the Kentucky delegation to elect a national committeeman at the convention in Chicago.

Mr. McCulloch takes the view that the action of the body in electing him committeeman was in accordance with the party law, that a majority of the body was present qualified to act, and that there was no irregularity about it. He further asserts that the supporters of Mr. Hert tried to break by a quorum and prevent an election by remaining away from the meeting; that the Hert delegates had every opportunity to attend the meeting, but were absent of their own accord.

## HARVEY GIVEN EXONERATION AND STANLEY WHITE WASHED BY HOUSE COMMITTEE.

Frankfort, Ky., March 7.—Hon. W. B. Harvey, Representative in the General Assembly from Webster county, was completely exonerated by the report of the committee appointed to investigate the charges against him made by Representative J. D. Humphrey of Fleming county, in the debate on the floor of the House over the state wide prohibition bill, which was made to the House yesterday and which was signed by every member of the committee. The report "white-washes" the Governor by not even mentioning his name. The vote finally succeeded in avoiding an inquiry into the Governor's campaign funds.

The committee made no report on the charges made by Mr. Harvey in regard to liquor contributions to the campaigns of Governor Stanley, but referred to the "counter charges made by Mr. Harvey against Mr. Humphrey." The only counter charge of which the newspaper men have any recollection in which Mr. Harvey used the name of Mr. Humphrey was that the attack on him by Humphrey was a deliberate frame-up on the part of the wets in the House and out of it.

## FT. THOMAS NEEDED BY REGULAR ARMY, NOT TRAINING CAMP.

Washington, March 7.—In all probability Ft. Thomas will not be available for use for a citizens' training camp this year.

This is the opinion of leading officials of the War Department and also of Representative John Hay, chairman of the House Military Committee. The reason for this conclusion is that if the army is increased to the proportions that now seems probable every army post in the country, including Ft. Thomas, will be required to take care of the regular standing army.

There is every reason to believe that as soon as the new army bill becomes operative Ft. Thomas will cease to be a vacant post, but will fully garrisoned.

## COUNTY MASS MEETING.

The Republican voters of Mason county are called to meet at the voting places in the various precincts on Saturday, March 11, at 2 p. m., standard time, to select members of the county executive committee to serve for a term of four years, or until their successors are elected and qualified. It is ordered that the selection made by these mass meetings be promptly reported to the chairman of secretary of the county committee.

CLARENCE MATTHEWS, Chairman.

## SAY BAKER FAVORS THE SWISS SYSTEM OF ARMY SERVICE.

Cleveland, March 7.—When Newton Baker was seen regarding his new post in Washington he said that he deeply appreciated the honor bestowed upon him.

"I am very much gratified at the President's confidence in me," Baker said, "and I deeply appreciate what he has done."

Baker would not say anything in connection with his attitude on the various questions that are up in Washington now. Although he has not committed himself publicly to any definite plan of preparedness, he is regarded as strongly in favor of national defense measures. Intimate associates say that he is an advocate of the Swiss system of military training and holds with preparedness exponents that it does not mean militarism or breaking down of the democracy.

Baker recently sent the following telegram to Senator Pomerene in Washington:

"Opinion is wholly with the President. He will doubtless save the honor of the country, but can not something be done to save the party, which at present is a dismal failure?"

Three prominent Ohio Democrats were reported as having been considered by the President for Garrison's place. Former Governor Judson Harmon had been mentioned frequently as a likely appointee, and former Governor Cox is said to have been offered the post. Cox has not announced his political plans, but it is believed that if he declined the Secretaryship it was with the intention of again becoming Democratic candidate for Governor.

## TAX COMMISSION RESOLUTION IS OFFERED IN HOUSE.

Frankfort, Ky., March 7.—The resolution for the tax commission was introduced in the House yesterday afternoon by Representative Perry. It provides that ten days after the adjournment of the Legislature the Governor shall appoint a commission of seven members composed of two Senators, two members of the House, the Attorney General, Auditor and the Treasurer. The commission is empowered to serve as secretary to receive a salary of \$250 a month.

The other members of the commission are not to receive any compensation other than their actual expenses.

The work of the commission is to include a study of tax conditions in this and other states and to investigate the manner of assessing property in the various counties of the state.

The resolution requires that the work of the commission shall be completed in eight months and that a report be submitted to the Governor which shall include a revenue taxation law. The Governor and the commission may then determine upon the advisability of an extra session.

Several bills were passed at the morning session of the Senate. They included the Ford bill relating to admission to the bar and the pure food bill.

## GERMANS TELL OF AIR RAID.

Berlin, March 7.—The Germans admirably announced that during last night's raid over England the naval depot at Hull was bombarded, the explosions being observed to be effective. All the airships returned despite violent shelling.

The official statement says: "On the night of March 5-6 German naval airships heavily bombarded the naval base of Hull on the Humber. A good effect was observed. The airships were violently shelled without effect."

Thus they receive common sense suggestions drawn from a vast volume of experience, and thousands of sick women have been saved from untold suffering, as letters like the following clearly show:—

Newark, Ohio.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman. Your Sensitive Wash is just the thing to overcome female weakness. I have told young mothers as well as older ones about your remedies, and what they have done for me. I think Lydia E. Pinkham's Vegetable Compound saved

my life, as my health was very bad when I wrote you, but now I can do my own work and have not had a sick day since I began taking your remedies. I keep the Compound and Liver Pills on hand all the time."—Mrs. Geo. Thompson, 24 Sherwood Court, Newark, Ohio. Why don't you write for free advice? Address Lydia E. Pinkham Medicine Co. ### OF LOCAL INTEREST

Some People We Know, and We Will Profit By Hearing About Them.

This is a purely local event. It took place in Maysville. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word. To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence than one you know nothing about. Endorsed by unknown people. Mrs. Dora Mefford, Maysville, says: "I had been feeling poorly for some time before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them and before long I felt stronger and better and I slept good at night."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mefford had. Foster-Milburn Co., Prop., Buffalo, N. Y.

### THREE GREAT SONGSTRESSES

Of Scandinavian Birth or Descent Have Thrilled American Audiences at Highest Income.

Three marvelous songstresses of Scandinavian birth or Scandinavian descent have thrilled American audiences at the highest incomes. First was Jenny Lind, next Christine Nilsson, and third Alice Nielsen, who is to tour the Redpath Chautauque circuit this summer.

Jenny Lind was practically unknown in this country when P. T. Barnum, in 1850, entered into a contract with her to appear in not more than 150 concerts within a year and half from the time she arrived in the United States. For this she was guaranteed a minimum of \$150,000 and a share in the profits after Mr. Barnum had cleared \$75,000 above all of his disbursements. Jenny Lind sang ninety-seven times and the receipts were a little over \$712,000. The engagement gave to both Barnum and Jenny Lind comfortable fortunes.

Saturday morning was too cold for the mothers who had intended going to Maysville to join the parade, to risk taking their darlings from home.

Two men calling themselves "expert opticians" were calling on citizens here last week. Their instruments for testing eyes were thrust into the face of every one that would allow it. From their talk they had been through the mountainous regions of Kentucky, where it is well known that trachoma abounds. When asked by one gentleman how often their instruments were disinfected, the answer was: "Oh, every month or so."

Surely such promiscuous peddling is dangerous and an imposition on hospitable country people. This neighborhood, however, should remember a similar and very expensive episode of several years ago when a smooth-tongued individual reaped quite a harvest of dollars and two or three weeks board as well. He, too, was an "expert optician." He sold many spectacles and in some cases whole families were frightened into buying glasses, being made to believe that disease and blindness was just a few years ahead, and his glasses alone would save them. Six months later no one could use their spectacles and several had trouble with their eyes from trying to use them. We all agreed that we would never again, even so much as smile, at the woe begone story of Moses Primrose and the gross of green spectacles.

### MARSHALL UPHOLDS U. S. SUPREME COURT AS TYPE OF JUSTICE.

Chicago, March 7.—Vice President Marshall in an address last night before the Chicago Bar Association paid tribute to Associate Justice Charles E. Hughes for his refusal to permit his name to be considered for the Republican Presidential nomination.

"How splendid a tribute to that great body (the Supreme Court) it is that Mr. Justice Hughes has promptly refused to permit his name to be used as a candidate for President of the United States," said the Vice President.

"This refusal makes him as great an American as though he were President pulled hither and thither by the contending hopes and fears of ambitious politicians."

"We judge life by its best and not by its worst product," he continued.

"The greatness of the American bar is, therefore, disclosed by the Supreme Court of the United States. Many of us have not agreed with some of the opinions of that illustrious tribunal, but some of us have had the audacity to think that it was influenced by political considerations. The man who becomes a member of the Supreme Court is somehow sobered by the weighty responsibilities and for the rest of his life he is a vestal virgin trimming the lamps at the altar of equal and exact justice. Voluntarily he blinds his eyes to politics and withdraws from the fever and tumult of political life. He ceases to be an individual and becomes a part of a system."

The Vice President staunchly upheld President Wilson in his diplomatic negotiations with the nations at war.

### 800 AUSTRIANS KILLED.

Geneva, March 7.—Eight hundred Austrian soldiers in barracks were killed or wounded in a raid made by Italian aeroplanes on the city of Ljubljana, according to information received here yesterday.

Two high officers of the staff of Archduke Eugene, commander-in-chief of the Austrian forces operating against Italy, are said to have been killed.

One of the Italian aeroplanes was destroyed.

Ljubljana is a city about forty-five miles east of Gorizia, and has a population of about thirty thousand. It has been stated that it is the headquarters of the Austrian army operating against the Italians.

An official report of the raid given out in Rome said that it was in retaliation for numerous violations of international law by the Austrians. It was added that the raiding squadron had dropped several dozen grenades and bombs on the city.

An Austrian official statement, referring to the same raid, said that it was "a lamentable failure."

### NAVAL BATTLE NEAR.

London, March 7.—Certain somewhat vague but persistent rumors which have been circulated here for several days by word of mouth regarding the North Sea war zone have created a state of expectancy among Londoners. This expectancy has been heightened by dispatches received from Scandinavia today, predicting that a battle between British and Russian and German warships is not far distant. Russian torpedo boats are reported to have been seen near the island of Oland, Sweden, in the Baltic Sea, and a half dozen German submarines have been observed off Oxelund, on the Baltic to the south of Stockholm.

### SPLENDID TOBACCO CROP.

The record price for tobacco was received at the farmers' house at Harrodsburg last week when a basket owned by O'Neal Bros., of Mercer county, sold for \$1.05 per pound, and another basket brought an even dollar. Several other baskets of the same crop brought 80 to 85 cents. The tobacco was raised on the Pountain Blue Farm by Mr. O'Neal, who is one of the most extensive raisers of tobacco in the state. This year he had about seventy acres, which netted him a fraction over 100,000 pounds.

### The KITCHEN CABINET

Trouble has a trick of coming but end first: Viewed approaching—then you've seen it. At its worst. Once surmounted, straight it wanes. Ever small. And it tapers till there's nothing left at all. So whenever a difficulty may impend. Just remember you are facing it. The butt end. And that looking back upon it, like as not, You will marvel at beholding Just a dot.

### CAKES FOR TEA.

If one has on hand small cakes or cookies that will keep for some time, they are much more satisfactory for an emergency than cake which will grow stale, and is harder to make as well.

**Lemon Delights.**—Take a cupful of sugar, a half cupful of butter, a cupful and a half of flour, a teaspoonful of baking powder, three eggs, a cupful of water, the juice and rind of a lemon. Beat the yolks and add to the sugar and butter, then a pinch of salt is added, the lemon rind, water, and juice. Stir in the flour sifted with the baking powder and fold in the whites of the eggs beaten stiff. Bake in gem pans and ice with lemon frosting, decorating each cake with a pinch of preserved lemon peel.

**Hermits.**—Take two cupfuls of brown sugar, a cupful of butter, and when well creamed add one egg, well beaten, a half cupful of milk and a teaspoonful of soda, dissolved in it, add flour to roll, with a half teaspoonful each of cinnamon and nutmeg, a half cupful of chopped almonds and a cupful of raisins. Roll, cut in oblongs, and bake.

**Sponge Dominoes.**—Take an ordinary sponge cake in a shallow tin. Cut in small oblongs and cover with chocolate icing. When cold drop drops of icing to represent dominoes. When plain cake has become a trifle stale, put it in thin slices and put jam, jelly or marmalade between the layers, then cut in fancy shapes and cover with hotted frosting.

**Date Filling for Cake.**—Chop two cupfuls of dates, add two tablespoonfuls of lemon juice, one-half cupful of powdered sugar and a half cupful of whipped cream. Mix all together and spread as a filling on any kind of layer cake.

**Oatmeal Muffins.**—Put two cupfuls of uncooked oatmeal in bowl, pour over one and one-half cupfuls sour milk, cover and let stand over night. In the morning add one-third cupful sugar, one-fourth cupful melted butter, one egg, well beaten, one teaspoonful salt and one cupful flour. Beat thoroughly, place in buttered hot iron gem pans; bake in a hot oven 20 minutes.

**Anna Potatoes.**—Wash and pare medium-sized potatoes, cut lengthwise in one-quarter-inch slices, fasten with skewers (toothpicks), parboil ten minutes, place in dripping pan and bake about twenty minutes in a hot oven, basting often with butter or some other fat.

**Ginger Puffs.**—Beat one egg well, add half cupful sugar, half cupful molasses, quarter cupful melted butter, half cupful warm water, two cupfuls flour sifted with one teaspoonful each of cassia, ginger and soda and half teaspoonful salt. Bake in individual tins.

**To Keep Butter Firm.**—Butter will remain firm, even in a hot kitchen, if a cloth wrung out in cold water be placed over the top and around the sides of the butter dish and the dish placed where there is a draft.

**To Fasten Strainer.**—Use clothespins to pin the cloth over the dish in which you are straining. It is much more convenient than trying to hold it.

**Cake With Cocoa Cream.**—Take two eggs and separate yolks and whites. Beat yolks, add one cupful of sugar, half cupful of cold water, one cupful of flour sifted three times, with one teaspoonful of baking powder. Last add stiffly beaten whites of eggs and one teaspoonful of vanilla.

**To Soften Blacking.**—Very often shoe polish or stove polish becomes hard and dry. In this case, add a little turpentine. This softens the polish and makes it better for use.

**Good Milk Strainer.**—A good strainer for milk consists of three thicknesses of cheesecloth. Remember, however, that straining removes only the visible and least harmful dirt.

A lightning bolt at Laurel, Delaware, struck a half-grown chicken and stripped it as clean of feathers as a new-laid egg, leaving the bird none the worse for the experience except for a lack of covering.

### PIRATES DEPART.

Pittsburg, March 7.—The advance squad of Pittsburg Pirates left last night for the spring training camp at Dawson Springs, Ky. The party, composed of twelve players and newspaper men, was in charge of Cateher Gibson. A second detachment of Pirates will leave here next Saturday in charge of Honus Wagner. After a short stay at Dawson Springs the training camp will be shifted to Hot Springs, Ark.

At 1 o'clock Tuesday afternoon, "Hosehead," the beautiful country home of Mr. and Mrs. S. A. Shanklin, was the scene of the marriage of their daughter, Miss Ellen Fitzgerald, to Mr. Virgil Carlisle Robb. There is no handsomer home in Mason county, no home more hospitable than the home of the bride, and it never looked lovelier than it did on her wedding day.

The bride is a leader of Maysville and Mason county society, beautiful, accomplished and graceful. She has been educated in the east and traveled abroad.

Mr. Robb is the son of Mr. and Mrs. W. H. Robb of Helena. He made his home with his parents until a few years ago, when he moved to Ft. Myers, Fla., to enter business there. He is now one of the foremost business men of that city.

Before the wedding Mrs. W. P. Hooper sang sweetly "I Love You Truly." Mrs. James Riley played the accompaniment.

To the strains of the wedding march the bridal party descended the stairway and took their places before the altar in the front parlor, which was banked with ferns and smilax interspersed with lilies and narcissus. Rev. W. P. Hooper pronounced the words that made the union one in a ceremony marked for its simplicity. Mr. Shanklin gave his daughter in marriage.

The bride wore a beautiful gown of lace over white satin.

About one hundred relatives and friends of the bride and groom gathered to witness their nuptial rites. After a reception and luncheon Mr. and Mrs. Robb left for their future home in Florida, followed by the best wishes of their many friends for a long and happy wedded life.

The guests from a distance were Mr. and Mrs. John Shuff of Cincinnati, Mr. and Mrs. Thomas Smith of Lexington, Ky.; Mr. W. P. Shanklin and family of Millersburg, Ky., and Dr. Reynolds and Mr. Ernest Piper of Carlisle, Ky.

## NEW BRANCH

Of the Minto Cola Company Opened At Shreveport, La.—Prospects Are Bright For Coming Year.

Mr. F. T. Patterson, who for several years has been associated with the Maysville Syrup Company, manufacturers of Minto Cola, and who for the last two years has been managing a branch at Salisbury, S. C., has just returned to Maysville for a few days' visit, and brings with him the news that he has just established a \$100,000 Minto Cola Company at Shreveport, La., in which the Maysville Syrup Company will be one of the largest stockholders. This is the second large branch established by the Maysville Syrup Company in the south, and we understand from the management that they contemplate establishing other branches just as soon as conditions are ripe.

We understand that this deal will give the Maysville Syrup Company considerably more stock in other companies than they themselves have in here, which speaks well for the management, and certainly is a feather in the cap of Mr. Patterson.

At a directors' meeting of the Maysville Syrup Company, held last evening, Mr. Patterson gave a very good report of conditions existing at Salisbury, and gave as his opinion that business done there by the Minto Cola Company this year would show an increase of between 50 and 75 per cent over 1915.

The board of directors at their meeting approved the contracts as made by Mr. Patterson for Shreveport, and accepted the charter, a copy of which will be published tomorrow.
